Dirtbag

My wife Dee's favourite fantasy is to be fucked by two, three, four or even five men all at once and thank God it came true recently because she's been banging on about it for months.

She kept mumbling for more cock...

She went down our local club the other week as this 'Full Monty' tribute act was in the area, she and the girls wanted to have a look. Anyway, she got all dressed up in the usual – black stockings, stilettos, black leather mini over her lovely shaved cunt, the lot – kissed me goodbye and said she'd see me later. As soon as she was gone, four of my lot came round for a beer or two and a blue movie.

It must've been around midnight when she came back – I think pissed as a fart was the phrase we used at the time – and she just stood there, swaying by the telly, saying how gorgeous all the men were and how turned on all the girls had got. "And I didn't even touch one of them," she whinged. Paul said they were all poofs, the blokes who stripped for a living, and that what she needed to see was some real men.

I could see where this was going and so could Dee 'cos she sat down and told him to show her what he was made of. So Paul stood up and stripped off, right in front of her, then Dave did the same, then Jim, then Alan. They all just stood there in front of her. Dee knelt down and with a nod from me started to suck and wank all the cocks in turn until they were all pointing at the Artex. I got up and joined the lads and then we slowly took all of Dee's clothes off too.

We lay Dee on the carpet and the five of us started licking and sucking her tits and cunt, and kissing her face and neck. She shut her eyes and started cumming as we went to work on her lovely body. Suddenly she cried out as Jim began lapping away at her muff, and reached up to wank Paul and Dave off. I knelt next to her face and pushed my cock into Dee's soft mouth, and started fucking it. Paul and Dave came first, shooting streams of spunk over Dee's face and hair, and seeing that and hearing her whimper as it splattered on her made me cum too. She swallowed the lot – I could even hear her gulping it down.

Now it was Al and Jim's turn, and they got her on all fours and started doing her from both ends. She kept mumbling for more cock and she kissed and licked the one in her mouth. Just then, Jim started really pumping away just as Al whipped his prick out of her mouth and came all over her face. Dee had it dripping off her and out of her, but instead of calling it a night she started rubbing it into her bum cheeks and up her crack.

"Do me up the arse," she whispered. Fuck, I thought, she's never wanted to do that before, I'm having some of that. "And in me at the same time," she added. So Jim lay on the floor and Dee straddled his cock with her beautiful arse stuck high up in the air and I let her suck my cock as I wiped up some of the spunk from her tits for lubrication. While she was bouncing up and down on Jim I moved round and nudged her arsehole with the tip of my cock until she opened up enough for me to slip the full length of it up her bum. Dee said later that the feeling of getting two

lengths of cock- meat up her simultaneously gave her the biggest orgasm she'd ever had in her life, and while she was building up to it, Al put his erection in her mouth and the other two started wanking over her body. I just couldn't control myself and had to pull out and spunk over her back. Then Al took over from me and rammed himself right up her arse just as she screamed out her last orgasm, and then he spunked up her and the others followed, one by one until she was lying there, sprawled on the floor, panting with spunk up every hole. From the look on her face you'd have of the thought she'd just won the bloody lottery. Mind you, we weren't sobbing much, either.

Now we want to do it again, but Dee wants strangers to do it with us. Here are some pictures of what you'll see, so write in to us as soon as possible and we'll get in touch with four or five of you. Cheers

John from Leeds beat off stiff competition to win a right royal booze-up for himself and a motley array of mates. He headed down to his local where he promptly spunked one hundred of our quids and grappled two of our birds arses until they came off. That sort of behaviour would normally earn a swift kick in the nuts from us, but this time we just lolled around taking pictures of the whole sordid scene. John and his mates treated the birds to a line-up of their hairy arses before falling about the gaff screaming like monkeys caught in the final stages of the Ebola virus. John then collapsed outside the pub, but Donna soon resuscitated him by plunging her tongue into his windpipe. After that there was no stopping him, and he soon took both girls home to look at his retchings.

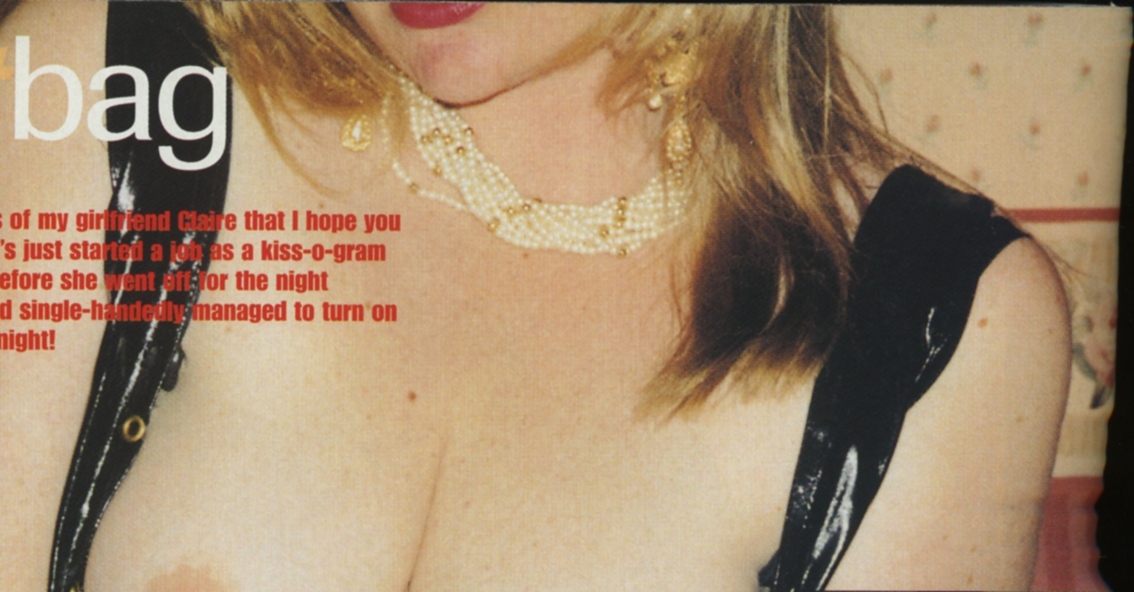
I am enclosing some photos of my girlfriend Claire that I hope you can use with this letter. She's just started a job as a kiss-o-gram and these were taken just before she went off for the night dressed as policewoman and single-handedly managed to turn on over a hundred men in one night!



The job was at a rugby club where one of the lads was having his stag night. If the combination of all that isn't a recipe for a nightmare evening I don't know what is, I remember thinking, so I went along just to make sure things didn't get too out of hand.

The party was going full blast when we got there, and Claire arrived to a cheer when she walked through the door. She went and snogged the groom-to-be and got an even louder cheer when she got her tits out and started sucking on her truncheon. The lads were actually quite well behaved and queued up to get a feel of her lovely knockers.

Some were sticking their faces in between them, and after a few beers I was really getting into the swing of it myself and egged her on to go even further. Claire told everyone to sit down as she had a surprise for the party boy. She told him to sit down and get his cock out, which he did. The room started going quiet as they wondered what she was going to do. Claire slowly started stripping, the boys going wild again, and the groom's cock gradually got harder as she danced around the room, snogging men, getting their cocks out, and giving each one a quick wank. Then she went back to the lad sitting down and stood there, stark naked, and started sliding the truncheon in and out of her cunt.

sliding the truncheon in and out of her cunt...

The place was going mad as bucked up and down on this massive dildo and then she turned round, bent over and stuck her arse in the bloke's face. He started kissing h arse and pushing the truncheon in and out as she leant down and started wanking him off. She beckoned for som more boys to join her and soon three of the bravest were standing there, cocks in hand, wanking at the sight of her writhing body and open mouth. Suddenly they all started spunking over her face. It was dripping off her as she wanked him faster and faster until he came too, and then she arched her back and screamed out as she reached her orgasm.

She stood up, snogged him, and took a bow to a stand ovation. Then she picked up her clothes and we rushed home for the best fuck we'd ever had. Think she might ge some more work as a result of that night, too!

FANTASY FUCKERS!

EXCLUSIVE

By Pablo Barrichello

Have you ever pondered on what famous folk get up to in their bedrooms? Or come to that, other peoples bedrooms or parks or lifts or seedy hotels or whatever. I've taken to fantasising about the rich and famous. After all, these days we get to hear so many of the sordid details.

I've always had a good imagination. I can conjure up a star in just a few seconds. With a soap babe sucking my cock and my tongue inside a pop star I enjoy many a glorious wank. Imagination is a truly wonderful gift. I have had writers of best sellers lying, legs spread, beneath me. Ok so it was actually Mrs. B. The wife is still a fantastic shag and to be honest, with a little imagination, I can still get that first fuck buzz! (Safe in the knowledge that my performance will be well received.)

The other day while sitting at my PC getting an eyeful of a readers wife in the Sexclub Dating Agency, I began to ponder. Do the rich and famous imagine having sex with ordinary girls. Do they hanker after the girl next door type? Do they give a cover babe a good seeing to and imagine some knackered looking chick they've seen getting on a bus? I think not! But what has come to my attention is they do use the internet!

Shag Share!

Yes I have evidence! Influential society members and super stars enjoy taking their cock on a surf over the web babe waves. Just like the horny rest of us. I'm not going to mention any names. You know who you are! I am personally very happy to be sharing my favourite porn babes with the wealthy and well hung! When I'm looking at the latest little web wife getting her kit off and telling a sexy tale, I like to know that she has been enjoyed by a few stars other than myself!

My ex neighbour is actually on the net at the moment. She is a very naughty little minx. You can watch her wiggle on the site now, her name's Paula. The babe next to her, Milly even gives her neighbour a mention! I'm glad I don't live next door to her, that would drop me right in it with the wife!

Sex Kittens

I must mention the Cinema movies while I'm on the subject of sex; not that I ever venture far from my favourite subject. Over the last few months I've been well impressed by the quality of the Sexclub Cinema. I really appreciate the opportunity to watch my favourite Raymond sex kittens doing their stuff on the silver Internet screen. I've bought Sandy's video. Unfortunately porn films are a bit like lawn mowers! I lent mine to a mate last month and I still haven't got it back! I can't blame the guy for hanging on to it; she is a seriously hot lady. I'll probably just have to order another copy. If not there are bound to be other videos available from the site soon. At least with the Net we can all buy our stuff pretty anonymously. Even you film stars out there can order without donning a wig and track suit bottoms.

Make Some Money

The Sexclub Soho Gold card is sitting snuggly in the virtual wallet of anyone who is anyone! It is the card to be seen with. What a brilliant eighteenth birthday present! If only I could trade in those tankards and other bits of dross with 18 engraved on them for a nice shiny Web site subscription. The only hope for mine is that they make some money on the antique Roadshow! The young people of today just don't know how lucky they are! If I ever make it into the world of politics I'll give them out on the National Health!

I read your mag all the time and especially like all the letters and photos of the girls. I've had a few fellas in my time but I really prefer older women.

I live in a house with two other girls (I'm Jo, by the way) Christine and Kate, so it isn't unusual for us to find each other walking around the house starkers. When I first moved in they told me they were lesbians, but as I liked women too there wasn't much of a problem. I remember my first morning there when Kate came out of the bathroom and I met her on the landing. She was standing there with nothing on, looking absolutely divine. I tried not to look, but as we chatted my eyes wandered down to her neat little triangle of pubes, I suddenly looked up, embarrassed, and our eyes met and then our lips.

I started wanking myself off as she tongued Chrissy's cunt...

I pushed her against the wall and started to work my way down her gorgeous body. First, I kissed her erect nipples and then her cunt. I stuck my tongue deep inside, but only for a second or two before she pulled me up and led me to her bedroom where she yanked down my already damp panties and ripped off my T-shirt. She pushed me down on her bed, spread my legs and pulled out this dildo from under the pillow. With that sliding in and out of me it wasn't long before I came, and when I did Kate licked it all up.

I needed more of this, so we rolled over and I sat on her face. She soon had her tongue back up me while I leant forward and gave her a good licking. Then I stuck two fingers up her and rubbed her clit, and just as we both came I looked up to see Christine standing at the door, her clothes in a heap on the floor, playing with herself. The dirty cow had been watching the whole thing (not that I wouldn't have mind) and soon she was on the bed and my tongue found its way up her hairy, wet bush.

We spent my first day there just bringing each other off, but the best thing we ever did was on the train to Sheffield. I was sitting next to Kate and Chrissy was opposite in a very short skirt and her legs were just a little bit apart, showing off her bright yellow panties. Then she just stood up – I'll never forget this – and said, "Oh dear. My knickers have just fallen down." We were giggling like little kids as she pushed them to the floor and stepped out of them. She sat down again and spread her legs, so Kate fell to her knees and stuck her head up her skirt. I started wanking myself off as she tongued Chrissy's cunt. There were two old men in the corner of the carriage who were fast asleep, thank fuck, as theyíd have had a stroke if they'd seen us at it.

Kate brought her off and sat back with all of Chrissy's juices smeared around her mouth. Chrissy leant forward and put her hand down my knickers as Kate snogged me, and the pair of them gave me a lovely little climax too. Kate went off for a wank in the loo just before we pulled in so we all got some.

Well, I hope you enjoyed all this, and I'll let you know the juicy details the next time we get up to no good!

Jo, Crawley

My wife, Linda, is a shapely 32-year-old woman who has always wanted a total stranger to admire her body from close quarters (this is her in the pics,) so I thought it was high time we sorted this out.

We went into town for a night out, her dressed up like she was on the pull, and within an hour we were legless. All night she was rubbing my cock through my trousers and I was slipping my hand up her mini, and by the end of the night we were both as turned on as you could be without spunking in your pants. Mind you, we hadn't found anyone Lin liked the look of, so by closing time we called it a night and headed home.

We got a taxi and after a couple of minutes Lin undid my flies and pulled my cock out. Then she put her leg over mine and placed my hand up the inside of her thigh. I glanced up and saw the cab driver staring at us in his rear view mirror, so I moved my hand further up until Lin's skirt was round her waist. I couldn't feel her knickers, and later she told me she'd taken them off in the pub loo earlier as they'd got so wet with her fanny juice. Fine by me, I thought, as I eased her lips apart and slipped a finger up her. Then I slipped one of the straps of her dress off and pulled her left tit out and started sucking on it. The driver was veering all over the road as he tried to get a better look at her fanny (as you can see from the snaps it's well worth the bother) and to wind him up even more Lin started to wank me faster as I frigged her off.

I told the driver to pull over at the next pub car park. He did just that, turned the engine off then turned round to watch us. His face can't have been more than two feet away as he stared at Lin's cunt dripping juice all over the seats as I pumped her with three fingers and brought her to orgasm. As she came she looked right into his eyes and opened her mouth. I could see his arm moving. The dirty fucker was wanking off watching her cum, but I don't blame him – it was definitely turning Lin on.

We quickly got out and moved in front of the headlights. I sat down on the grass as she pulled her dress off and kicked her shoes away. She was naked and crouched down on my cock, facing the driver, then started bouncing up and down on me. All I could really see was her arse going hell for leather and my cock sliding in and out of it, but what I couldn't see was Lin beckoning the driver to come over. Next thing I knew he's standing in front of her and she's getting his cock out.

It must've been an amazing sight, midnight in a pub car park with a naked bird sitting on one bloke's cock while sucking on another! Lin grabbed this guy's arse and pulled him deeper and deeper into her mouth as he grabbed her head and fucked her gob. I lost it and started squirting my lot into her, and she could feel it as I heard her begging him to cum in her mouth. With one big push he did just that and she swallowed the lot down, making little noises as each jet shot over her tongue.

We sat there for a minute before Lin brought us back down to earth by saying she was freezing her tits off sitting there, so we went back to the car and he took us home (no charge!). Thanks to you, mate, for making Lin's dream come true. We still can't believe what happened that night and we still have great sex just thinking about it.

Your mag always turns me and the wife on, so I thought I'd return the favour and show you a few snaps of Anya's furry bits. As you can see, she's got really thick, pink, pouting lips that she just loves me to suck and bite and lick, stretching them open, really spreading her gash, then giving her clit a good tongue-lashing until she reaches orgasm.

Sometimes, if she's feeling really dirty, Anya lets me work my fingers and my tongue around her arsehole until she wants it filled. I get one, then two, then three fingers up it, then get on top and fuck her with half my hand still up there. She cums twice as much like that. What she really likes is for us to fuck and for her to reach orgasm but for me to then wank off over her tits. Instead of cumming in her mouth, I wipe up all the spunk with my cock and she licks it off the shaft.

Anyway, we were flicking through last month's issue in bed together the other night, Anya wanking me off really slowly, when we got to the Wife Of The Month bit in the Readers' Wives. I can't believe I've forgotten the woman's name but she was fucking beautiful, and my cock suddenly got even harder when I looked at her lovely tits and arse. I could just imagine fucking it – and from Anya's expression I think she could imagine watching it.

She told me to keep looking at the pictures, then slowly kissed my chest and stomach and down to my cock. She took me in her mouth, very gently, licking all around the top as I stared at the pictures. I shut my eyes and imagined it was her doing it to me, and within seconds I was lifting my arse off the bed to get more cock in her mouth. I looked at the pictures again and by now Anya was pumping her head up and down so quickly that I couldn't control myself anymore. I imagined this woman sitting on my face and me tonguing her out, and with that I came.

There was so much she couldn't swallow it all and I saw some of my spunk dribbling out of the sides of her mouth. She pulled her mouth off and kissed and licked all the way up the length of my knob. She said I'd spunked more than I ever had before, and it bloody felt like it. I knew she wanted some oral back so I gently laid her down and made straight for her beaver. It was glistening wet and I ran my tongue up and down it, right round to her bumhole. She was gasping, and when I looked up she was looking at the bloody mag too.

Well, it worked for me, so I tongued her for five minutes, made her cum, then turned her over and fucked her arse off. It was only about the second time we'd ever done it, but as I pumped in and out of her arse she put the magazine on the pillow and we both looked at that wife again. I pretended it was her arse I was screwing and went for it even harder until Anya was screaming out for me to cum. I had to let go. I spunked so much it felt like a pint of the stuff was flooding up her. She was frigging away and came just as I pulled out.

So thanks, Razzle – a great fuck was had by all, and I hope some of you out there have the same sort of result with these photos of Anya's cunt.

We've been married for a few years and I guess it's fair to say things occasionally need a little spicing up. This is what happened to me and my wife, Debbie.

Her mate, Vanessa, invited us both to her work's party the other week. We hadn't been out together for ages and Debs went the whole hog with the stockings and Wonderbra, even down to binning her knickers and shaving her fanny. We got to the bar at about eight and the party was already in full swing, and after about a pint of white wine, Debs spotted a couple of lads on their own and made a bee-line for them. Now she'll normally do this flirting stuff just for a laugh, but that night I knew she was ready for a bit more and was going to get a serious fucking.

She was cumming so much I could feel her arse clamping around my cock...

After a dance and a smooch she came back to me saying Lee and Adam had their cocks pressed against her through her dress and she was gagging to fuck the pair of them. I told her to go for it, and for the rest of the night she snogged them and touched them up whenever no-one was looking. She told them what the plan was and we necked as much of the free booze as we could before staggering out for a taxi.

Debs sat in the back in between the two boys, kissing them as they both put their hands up her skirt and fingered her. My cock was nearly bursting, and as soon as we got in we shoved a porn tape on and got the beers in. As the film started, Debs asked the boys to copy everything they saw on the telly. She started by kneeling down and getting Lee's cock out – which was about as thick as her wrist – and began to suck it like mad while Alan got behind her and felt her tits up.

In the film, the girl was getting fucked by three blokes, so this was my cue to join in. I went over and lifted her skirt up as she sucked Lee's cock to show Ad her shaven cunt. Debs slipped two fingers up herself and I told him to get stuck in. So there she was, on all fours and getting a total of a foot of cock in her and her dream fuck come true. After a couple of minutes the lads changed places, and as they did so I slipped a finger up her arse and began wanking.

"Come on! Fuck me, you fucker!" she yelled to Lee as he got behind her and did the business. Just as I started pushing two fingers in and out Lee came all over her face. Ad came up her. I loved the thought of all this going on but I really needed a bit of her myself, so as the boys got dressed I turned Debs over on her back and lifted her knees up to her chin. Then I eased my cock up her shitter and started banging away.

She was cumming so much I could feel her arse clamping around my cock as her whole body trembled with every orgasm. I was fucking her harder and harder and we were both sliding across the floor inch by inch as I whacked her arse. I could feel the mother of all spunkings build up in my cock, and as I looked down to see all that sperm still on her face and my knob sliding in and out of her bum I pissed my spunk into her. With that she came again, and even when I pulled out she carried on frigging herself off.

We were all fucked, but she carried on like this for ten minutes, watching the film and cumming all over her fingers as she wanked. Fuck me, what a night. Of course, you try it once and you want some more. I'll be in touch!

WIFE-SWAPPERS!

What happens when some baldy bloke and his missus get together with another sexually-bonkers couple? They go at it like so many viagra-fuelled rabbits while Adrian Smale takes pictures, that's what. And here they are, lubricating each other's parts with nothing but their own good fluids. As if getting a good seeing to from all angles at once isn't good enough, both couples pulled £200 to boot. If you and your nearest and dearest want to get in on the action, send a recent rudey-nudey picture of you both — with your name, address and phone number on the back of each — to us here at **Wifeswappers, c/o Razzle, 2 Archer Street, London W1V8JJ**, and we'll do the rest. You must be over 18 and not fucking bad at all.

COMING SOON

SO, YOU LIKE TO LOOK AT DIRTY VIDEOS, DO YOU? WELL, SO DO WE. HERE'S THE PICK OF WHAT TO WATCH OUT FOR IN YOUR LIVING ROOM IN THE COMING MONTHS

SMART LITTLE ARSES (18)

Want to see an innocent teenager deflowered by a sleazy Belgium porn star and a cheeky Cockney? Tempted by the thought of a fat slapper being shafted in a hot-dog stall? Thought so. Then you might want to check out porn legend Ben Dover's latest effort, *Smart Little Arses.* This is the porn vid for camcorder enthusiasts everywhere. If Jeremy Beadle wanks (an obscene thought in itself), then he wanks to Ben Dover.

Worth a laugh if you're pissed and a wank if you're desperate. In financial terms that's £12.99.

CAT FIGHTS: TAG WRESTLING VOL 1 (18)

"That's no fair!" "She squeezed me!" "Now I'm pissed!" "Grrrr!" "Ow! Ow!" "Nnnnngghhhhh!" Sadly, even the unedited version of *Spartacus* was never this engrossing. *Cat Fights* is a window into the world of the average dim Californian. Cheer as nipples are twisted and noses tweaked. Delight as Chinese burns and wedgies are doled out freely. Laugh at the hair cuts. Smirk at the acting. Weep for American culture. A must-buy.

ENGLISH FANTASIES OF JOY (18)

Do you know what a 'Scores Girl' is? No, neither did we, but don't let that worry you.

Just sit back and relax as Joy rubs herself all over and generally makes a spectacle of herself in ye olde English haunted house filled with ghosts, tourists and tasteful soft furnishings. Lots of neatly trimmed American minge and rock-solid American breast. Oh, and a comedy butler. Bravo!

KAREN MCDOUGAL: PLAYMATE OF THE YEAR (18)

"This is my Mom. She raised us with a lot of dignity and respect," says Karen McDougal, introducing her mother to us. Then why do you get your baps out for a living? Eh, Karen? Answer that.

This glossy vid detailing Karen's past, present and future is absorbing viewing, especially when it ditches the background stuff and concentrates on nudity. And it has a great sound track too - a blend of jazz and soft-rock by David Hasselhoff's Dad's band.

When CARRIE met SALLY

Summer holidays can be a real drag for me. The university closes, the halls of residence chucks us out and it's off on holiday with my parents. Don't get me wrong, I love my parents to bits, but it's all sweetness and light with them, and when I'm at uni' I'm used to having a wild time.

This year was different though. Sally came with us. Sally was our new neighbour's daughter and they thought it would be a good way for us to get to know

each other. I didn't mind at all. She was gorgeous. Slim, blonde and hotter than an August afternoon. She made my pussy wet with just one smile.

"What shall we do today?" Sally asked as we unpacked. "Why don't we go exploring," I told her. "Exploring? Where?" she asked, so I put a hand on her breast. She thought for just a moment, smiled and then peeled her top away to reveal

"Well, my parents did tell me to get to know you," she said running a hand up my leg and stroking at the springy bush beneath my panties. I leaned forward and kissed her full on the mouth as she slipped inside the material and started to flick a finger over my petals. I felt my juices gush all over her hand and soak my knickers. She slipped the first of two fingers into my pouting hole and buried them up to the knuckle.

As she helped me out of my clothes, I let my hands do a little exploring of their own; squeezing her tits, stroking her bum and pulling her underwear to one side to get at her hole. At this, Sally laid back and spread her legs. I took the hint. Ripping off her sopping knickers, I lowered my head and sunk my tongue into her minge. I love the taste of cunt and Sally's was especially delicious. I greedily lapped away at her quim, covering my nose and face in her fragrant juice. She shuddered with delight every time I passed over her clit and so I turned my full attention to it, teasing and flicking it with the tip of my tongue until she could take no more. "Oh God, make me come," she told me and grabbed the back of my head, pulling me hard into her pussy. With one almighty jolt, she let out a shriek and gushed all over my face.

I didn't even consider giving her time to recover, I wanted the same treatment too badly. I swung a leg over and lowered my pussy onto her face. She met my dripping quim with her long, flat tongue

and slid it into my crack. Her probing flicks on the silky inner walls of my cunt felt divine. Along with her tongue, she slipped two fingers into my pussy. "Use one of those on my arse," I told her, to which she duly obliged. With digits circling away in both my holes and a tongue rasping at my swollen bud, I couldn't hold back a moment longer and gasped for breath as I came on her face. Sally didn't want to stop though, and she carried on fingering and licking my fuck holes until I orgasmed at least another three times.

When we were finally finished, we got dressed and went sunbathing. We became really good friends after that holiday, until Autumn came round and I went back to university. These days, I can't wait for summer to come round again.

Sandy's Fantasies

She's blonde, she's beautiful, and – heh, heh – she's into girls! Yep, we're talking about *Club International's* very own bi-babe, Sandy. Horny models fight each other to shoot sets with her, and it's easy to see why. Sandy's fitter than Andy McNab (we mean she's sexy and he's fit, as in healthy... oh forget it) and she licks muff like it's going out of fashion. If she could cook she'd be perfect.

Sandy has one terrible weakness, though. She has this compulsion to film her sexual exploits and distribute them on video. Some girls, eh? We can forgive her this fault, however, because she's really pretty and likes children and animals and wants to be a UNICEF Goodwill Ambassador. She even claims that ***Sandy's Holiday Sex Fantasies*** is going to bring peace to the world because men everywhere will be too busy wanking to fight. Ahh, bless...

SINCLAIR

There's nothing one-time girlfriend of film star Robert de Niro, Charmaine Sinclair, likes better than posing for the camera. "I love getting my kit off for the photographers, because when I do it, I don't see it as a lens centring in on my tits and my cunt, I see it as a hundred thousands horny guys, all feasting their eyes on my delicious, sopping pussy and jerking themselves off all over me.

"All those guys, all those gallons of come, it makes me gush at the very thought of it, covering my tits, my pussy, my arse. How delicious. Go on, make a little contribution – cover me in spunk."

TRY SOME COCK (BISEXUAL)

Hi, my name's Peter. I am married to a fucking hot blonde. She recently started to finger me while we were screwing. I loved the feeling of her inside me for a change. I asked her if she thought I was gay. She said that there was no way but that seeing as I enjoyed it so much, maybe I should try sucking a cock. I started 3 months ago. Now I can't get enough of the feeling of a huge throbbing cock inside my mouth. So I'm looking anywhere for cocks — toilets, movie houses, theatres, secluded phone booths in fact any fucking place. So if you'd like to listen to my experiences... What I would love, is to suck your cock (somewhere private if you like)

My name is Kelly and I just had to let you know what happened to me during the World Cup last summer.

after fucking my bum for ages he held onto my hips and froze as I felt him pump his spunk into me.

My fella, James, is Scottish and we were watching the first game between Brazil and Scotland. It was a really great game but his team lost, as you probably remember. He was a broken man, sitting on the sofa with his head in his hands nearly crying, the poor love. But what he didn't notice is that during half - time I'd slipped upstairs and put on a white basque, sheer white stockings and blue G-string (Scotland's colours!) and over the top my jogging bottoms and Spurs shirt. I came back down and sat next to him, getting hornier and hornier as the game went on because tonight I was going to let him fuck me up the bum, which is something he'd always wanted to do. I'd been doing some training sessions myself with my finger and then my vibrator with some KY on it. To my surprise, I actually orgasmed that way. I didn't think you could.

I'd planned to try it all out that night because if Scotland had won (yeah, right) James would have been so happy and excited that fucking my arse would've been the icing on the cake - and if they'd lost, fucking my arse would stop him from becoming a manic depressive. So as he sat there moaning, I went into the kitchen, peeled off my joggers and shirt and got him a can. I came back and stood in the doorway.

"So do you want a beer, or a fuck?" He stammered stupidly as his brain tried to tackle the problem of going from football to having sex in one stride. "Er, s-s-sex..." he stammered. He looks so lovely when he's confused.

"Well, you've got that right. Second question - what does F.M.A stand for?" Even he got that, and to make it clear I wanted him to do it I bent over the arm of the settee, pulled my G-string to one side and handed him the tube of lubricant. He was with it now, and squirted a handful over my arsehole and slowly pushed his cock in. It didn't hurt, but I could feel my bum stretching to take him all in. It was like having a really big shit backwards, if that makes any sense, but a damn sight more erotic.

As soon as I felt his balls touch my fanny he pulled back until just his bell-end was up me, then eased himself back in. He picked up speed until he was slapping away up me and I'd cum twice. I don't know how he kept from cumming for so long - I guess them losing had more of an effect on him than I'd thought - but after fucking my bum for ages he held on my hips and froze as I felt him pump his spunk into me.

I was as sore as fuck the next day and had to stand on the bus, but it was worth it. Even the thought of having sex like that turns me on now, so we do it about three times a week. The other night we did it with my vibrator up my vagina while James did me round the back, and that was even better than the first time. If I carry on at this rate, by the time you read this I'll be needing the whole footie team to satisfy me. Sounds alright!
